Enklare reparationer och utbytesarbeten ska kunna utföras av en lekman. Om det krävs fackmanakunskap för mer avancerade arbeten ska det framgå av anvisningarna som leverantören ska kunna ge vid begäran. Anvisningarna ska innehålla en sprängskiss, steg för steg beskrivning inklusive vilka verktyg som krävs samt hur möbelns ingående delar bör källsorteras.

General

HOWE standard delivery times in EU are usually**:** Chairs 4-6 weeks, Tables 5-7 weeks.

In case of large quantities and/or customized products delivery time will be determined on a case-by-case basis.

The following products may have a slightly longer lead time so please ask HOWE**:**

- Simpla: Trapezoidal
- Tutor: 1390 mm double table (for armchairs and swivel chairs), F200 black tabletop

In case of using any electrification, accessories, or making configurations, the lead time starts being counted once technical drawings are approved by the customer.

Linking is recommended to ensure strong connection and levelling. Please use for both temporary and lasting tables' arrangements.

Veneer is a natural material - differences in structure and colour may occur.

Linoleum is a natural material - the variation of colours may appear due to a natural phenomenon called "drying room yellowing". In such case, please expose the top to either natural or artificial light to allow the tint to disappear.

Crescent shape – the inside curve of top may be exchanged for straight edge, especially if Modesty panels are needed – ask Customer Service for details.

Table ranges are estimates, mostly for rectangular tops. For non-rectangular tables or questions for sizes outside of the ranges, please contact your local Customer Service (CS) representative. If chamfered edges are requested, minimum size increases - check with CS.

Moveo linking for rectangular and V-shaped tables includes 4 brackets and 4 fittings. Moveo linking for half-round and half-boat tables includes 2 brackets and 2 fittings.
