Färgmarkeringar och/eller symboler för hållbara alternativ i prislistan:

Mörkgrön markering eller symbol

Miljömärkt produkt – Möbler där hela den sammansatta varan har en typ 1 miljömärkning enligt ISO 14024 med Svanen, Möbelfakta, EU Ecolabel eller annan likvärdig märkning.

Ljusgrön markering eller symbol

Hållbarhetsmärkt produkt eller beståndsdel – Möbler där hela eller delar av den sammansatta varan är hållbarhetsmärkt, exempelvis med FSC, EU Ecolabel eller OEKO- TEX®. Leverantören ska kunna ge mer detaljerad information om vilka delar eller variationer som är hållbarhetsmäkta vid begäran.

Orange markering eller symbol

Klimatberäknad produkt – Produkt med dokumenterad miljövarudeklaration (EPD) enligt ISO 14025.

Lila markering eller symbol

Produkt med återvunnet eller förnybart material (enligt definitionerna i ISO 14021). Leverantören ska kunna ge information om andel (%) återvunnet och/eller förnybart (biobaserat) vid begäran. Märkning av återvinningsbart material utgår.

Blå markering eller symbol

Demonterbar produkt – Produkt som är demonterbar till olika komponenter och beståndsdelar som i första hand möjliggör återbruk och i andra hand materialåtervinning när produkten nått sin fulla livslängd. Produkten ska vara designad för renovering, det vill säga att det ska vara enkelt att reparera och byta ut moduler, komponenter och beståndsdelar som slits över tid. Exempelvis ska ytskikt, som bordsskivor, textil och stoppning kunna tas isär, avlägsnas och ersättas med hjälp av vanligt förekommande manuella verktyg, ej specialverktyg. Enklare reparationer och utbytesarbeten ska kunna utföras av en lekman. Om det krävs fackmanakunskap för mer avancerade arbeten ska det framgå av anvisningarna som leverantören ska kunna ge vid begäran. Anvisningarna ska innehålla en sprängskiss, steg för steg beskrivning inklusive vilka verktyg som krävs samt hur möbelns ingående delar bör källsorteras.

GOOD TO KNOW

KASTHALL ARTICLE NUMBERS

Each rug has a unique article number that encodes its product, color, size, and backing.

ARTICLE	COLOR	SIZE	BACKING
44 922	XXX	195 240	X

- The first five digits correspond to the product and can be found close to the rug's name in the catalogue.
- The next three digits indicate the color.
- The following six digits represent the size (for example, 085240 for a rug measuring 85 × 240 cm).
- The final digit denotes backing: 0 = without backing, 1 = with backing.

This system makes it easy to identify a rug's specifications at a glance. Please refer to the article number when ordering to ensure accuracy.

KASTHALL SELECTION

Kasthall Selection is a quick-ship program with shipping within 5 working days. The range includes rugs in set sizes, patterns, and colors, with rug underlay included in the price.

STANDARD SIZES

Reflect the expertise of the Kasthall Design Studio. Each rug is made in carefully considered, predefined set sizes – with the possibility of customization upon request.

CUSTOMIZED OPTIONS

Made to specification within the possibilities of Kasthall's design and production framework. Available as rugs and wall-to-wall, the customized options are individually priced and made to order. This offering makes it possible to introduce a personal expression while remaining true to Kasthall's craftsmanship and design language.

BACKING

Is a treatment in which the underside of woven rugs is coated with acrylate adhesive. This stabilises the rug and extends its life. It is recommended for woven rugs wider than 200 cm or larger than 6 square metres in area. Rugs with backing are priced at approximately 10 per cent above those without, reflecting the additional materials and construction. For more information please contact customerservice@kasthall.com

FABRIC BACKING

Is a textile weave used on woven rugs when they are cut into tailored shapes, such as rounds or other custom forms. It enables these customized options, allowing clients to adapt rugs to specific shapes while maintaining stability and quality.

RUG UNDERLAY

Is recommended for all Kasthall rugs and can be used on all types of flat floors. Underlay has a slightly self-adhesive surface that ensures the rug will not slip on the floor. Underlay can be used on floors with under-floor heating and can be washed at up to 30°C. The use of rug underlay extends the life of a rug. See page 142 for pricing information.

SIZE TOLERANCES

Depending on the natural materials used and the varied hand-crafted processes in production, dimensions of the rug and carpet may vary, so please state maximum or minimum dimensions when placing your order.
Woven rugs: +-5%
Tufted rugs: +-2%
Wall-to-Wall: +-3%

KASTHALL TUFTED ORIGINALS

KASTHALL TUFTED ORIGINALS present a curated range of tufted rugs in set sizes, with options to accommodate individual preferences. As innovators of tufting, Kasthall combines technical expertise with creative design, anchored in a centuries-old tradition of textile craftsmanship. Designed by the Kasthall Design Studio, the collection combines expert knowledge of design, colors, and materials to achieve originality, accuracy, and lasting quality in every rug. Much of the inspiration comes from nature, often expressed through solid, nuanced colors drawn from natural landscapes.

KASTHALL DESIGNER COLLABORATIONS

KASTHALL DESIGNER COLLABORATIONS created by Kasthall in collaboration with some of the world's foremost architects, designers, and artists, these collections feature exclusive shapes, patterns, and colors, enabling the realization of a wide variety of aesthetic visions.

Kasthall has worked with designers such as Ilse Crawford, whose rugs reflect a deep connection to nature and human-centered design, and Cecilie Manz, known for subtle textures and calming palettes. Architects like Sir David Chipperfield have explored structural clarity and material innovation in rug designs, while Claesson Koivisto Rune bring architectural thinking into bold rug creations. Kasthall also collaborates with artists including Paola Navone, celebrated for her eclectic approach to materials and form. Most recently, Kasthall has partnered with Barber Osgerby, bringing fresh perspectives and innovative design to the collection.

Each collaboration highlights Kasthall's commitment to combining centuries of knowledge with design at the fore-front, offering rugs that are both functional and strikingly expressive, tailored for private and public spaces alike.

KASTHALL WALL-TO-WALL

KASTHALL WALL-TO-WALL offers hard-wearing, easy-to-maintain carpets and area rugs for both commercial and residential spaces. The assortment includes wall-to-wall solutions derived from Kasthall's own woven rugs such as Post Icon and Ingrid Icon – designs rooted in classic textile expression yet adapted for full-floor applications – alongside broadloom collections tailored for larger installations.

Every item is made to order, reflecting the customer's exact requirements in terms of collection, size, and color.

BESPOKE BROADLOOM

Kasthall has extensive experience in delivering bespoke carpets, and the ability to design patterned surfaces is a tradition the company has carried forward for many years. Delivering carpets that meet high standards of quality and design has always been a fundamental ambition.

PRINTED BROADLOOM
This quality offers considerable creative freedom. The ability to print a desired pattern in large repeats with a broad color range provides virtually unlimited possibilities. Free-form designs with rich color variations, for example derived from an image, create a distinctive expression.

WILTON
A classic weaving technique used to create surfaces with, for example, smaller geometric patterns in cut pile and bouclé.

AXMINSTER
A weaving technique with a long tradition, enabling more expansive and expressive pattern designs as the final result.
