About.

Maze is a Swedish furniture brand creating minimalist, functional, and eye-catching products designed to last longer than a lifetime. Working in close collaboration with carefully selected manufacturers and craftsmen, most of our production takes place in Sweden, with the remainder in Europe.

Sustainability is at the core of everything we do. We use wood from responsibly managed forests, recycled metal wire, and leather sourced from Scandinavian cattle — a by-product of the meat and dairy industry. Our products are designed by skilled Nordic designers who share our values and translate them into thoughtful form and colors.

For more than 20 years, Maze has remained true to the same sustainable vision. It hasn't always been the easiest path, but for us, it has always been the right one — driven by passion, dedication, and plenty of heart.

Bill series

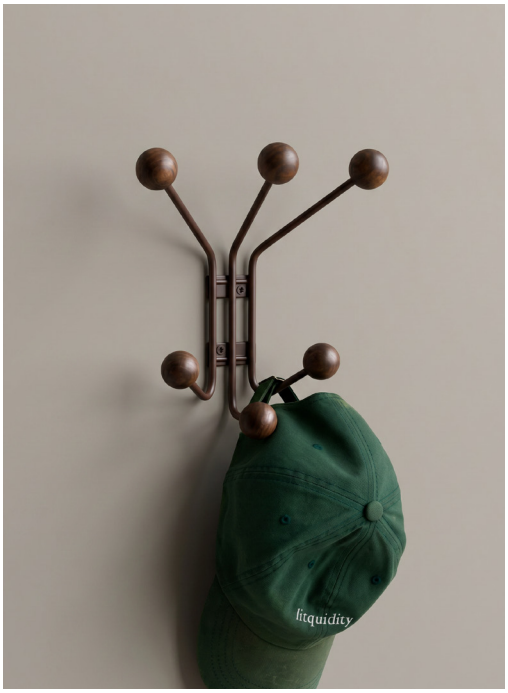

Bill Triple
Bill Triple builds on the familiar design language of the Bill family, featuring enlarged wooden knobs that give the hook a bold and sculptural character. Made from 100% recycled powder-coated metal and solid birch wooden knobs, it offers practical storage while adding a strong visual presence to the wall. The graphic silhouette and generous proportions make Bill Triple a functional everyday object with a distinctive expression, fitting naturally into hallways, bedrooms, kitchens and workspaces alike.

Bill Slim
Bill Slim is a refined addition to the Bill family – a slim coat rack with a light and understated expression that offers practical storage for everyday outerwear, bags and accessories. Crafted from 100% recycled powder-coated steel and paired with turned knobs in solid birch, Bill Slim combines durable materials with timeless design. Its slim profile and carefully balanced proportions make it equally suited for the hallway, bedroom, kitchen or home office, adding both function and character without taking up unnecessary space.

Our popular Downtown shoe shelf also comes in dark mocha!

Bill series in dark mocha
A new colour joins the Bill family. Dark Mocha brings a warm, rich expression to the collection, highlighting the clean lines and timeless character of the designs. As the metal components are powder-coated, we have the flexibility to introduce new colours and adapt the collection over time while ensuring the same durable and long-lasting finish.

Available October 1st.

Crafted in oak and walnut veneer, the series includes a coat rack, shoe bench, and wall-mounted shoe shelf that form a cohesive hallway solution.
