Färgmarkeringar och/eller symboler för hållbara alternativ i prislistan:

Mörkgrön markering eller symbol

Miljömärkt produkt – Möbler där hela den sammansatta varan har en typ 1 miljömärkning enligt ISO 14024 med Svanen, Möbelfakta, EU Ecolabel eller annan likvärdig märkning.

Ljusgrön markering eller symbol

Hållbarhetsmärkt produkt eller beståndsdel – Möbler där hela eller delar av den sammansatta varan är hållbarhetsmärkt, exempelvis med FSC, EU Ecolabel eller OEKO- TEX®. Leverantören ska kunna ge mer detaljerad information om vilka delar eller variationer som är hållbarhetsmäkta vid begäran.

Orange markering eller symbol

Klimatberäknad produkt – Produkt med dokumenterad miljövarudeklaration (EPD) enligt ISO 14025.

Lila markering eller symbol

Produkt med återvunnet eller förnybart material (enligt definitionerna i ISO 14021). Leverantören ska kunna ge information om andel (%) återvunnet och/eller förnybart (biobaserat) vid begäran. Märkning av återvinningsbart material utgår.

Blå markering eller symbol

Demonterbar produkt – Produkt som är demonterbar till olika komponenter och beståndsdelar som i första hand möjliggör återbruk och i andra hand materialåtervinning när produkten nått sin fulla livslängd. Produkten ska vara designad för renovering, det vill säga att det ska vara enkelt att reparera och byta ut moduler, komponenter och beståndsdelar som slits över tid. Exempelvis ska ytskikt, som bordsskivor, textil och stoppning kunna tas isär, avlägsnas och ersättas med hjälp av vanligt förekommande manuella verktyg, ej specialverktyg. Enklare reparationer och utbytesarbeten ska kunna utföras av en lekman. Om det krävs fackmanakunskap för mer avancerade arbeten ska det framgå av anvisningarna som leverantören ska kunna ge vid begäran. Anvisningarna ska innehålla en sprängskiss, steg för steg beskrivning inklusive vilka verktyg som krävs samt hur möbelns ingående delar bör källsorteras.

AC 5 Work

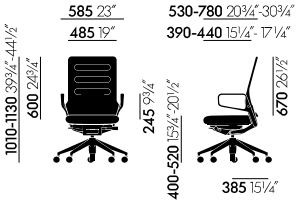

Antonio Citterio, 2017

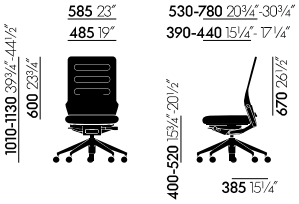

AC 5 Work with FreeFloat armrests and adjustable lumbar support

AC 5 Work with ring armrests and adjustable lumbar support

AC 5 Work without armrests, with adjustable lumbar support

All measurements are pursuant to EN 1335-1:2000
More detailed information is found in the chapter 'Explanation of measurements'.

Office swivel chair with FreeFloat armrests in accordance with EN 1335, Ergonomic Seal of Approval.

Seat mechanism: FlowMotion mechanism with synchronised forward tilt (can be disengaged) and with seat depth adjustment. Seat mechanism powder-coated in basic dark.

Backrest and seat: self-supporting backrest structure with horizontally stitched padding. Backrest mount in polished die-cast aluminium. Optional height-adjustable lumbar cushion. Seat upholstery made of recyclable polyurethane foam ‚V-Foam'. Optionally available with contoured seat. Cover in fabric or leather.

Armrests: choice of fixed, polished die-cast aluminium ring armrests for conference areas (optional leather pads are matched to the leather upholstery; for chairs with fabric covers, the leather pads are in the colour nero); or height-adjustable armrests; or FreeFloat armrests with polyurethane pads in basic dark.

Base: five-star polyamide base in basic dark or polished die-cast aluminium base with double castors (Ø 60 mm) in basic dark.

Delivery: includes castor protection (orange or transparent), which must be removed before first use.

Optionally available with or without synchronised forward tilt (can be disengaged). Mechanism can be locked in upright sitting position. Seat mechanism matches the frame colour (deep black or soft grey).

Seat: seat upholstery made of recyclable polyurethane foam ‚V-Foam'. Knit or fabric seat cover.

Back: backrest shell made of recycled polypropylene in deep black or soft grey with automatically adjusting lumbar support. With polyester fleece and Softknit cover made from recycled polyester.

Armrests: height-adjustable armrests or 3D armrests with modifiable height, width and depth. Armrest supports made of polyamide in deep black or soft grey (to match frame colour). With PU-foam-free (F) pads in deep black (for frame colour deep black) or dim grey (for frame colour soft grey). Available either with fixed armrests in polypropylene (deep black or soft grey to match frame colour) or without armrests.

Base: five-star base made of recycled polyamide in deep black or soft grey (to match frame colour), with double castors (Ø 60 mm).

Accessories: retrofittable coat hanger in polyamide (deep black or soft grey), can be mounted on chair without tools; max. weight load: 2 kg. Coat hanger may not be used in combination with neck rest (ACX Softknit High).

Delivery: includes castor protection (orange or transparent), which must be removed before first use.

All measurements are pursuant to EN 1335-1:2020+A1:2022
More detailed information is found in the chapter 'Explanation of measurements'.

Office swivel chair in accordance with EN 1335 and with Ergonomics Certificate.

Mechanism: synchronised mechanism with automatic weight adjustment and two backrest tension settings (hard or soft). Equipped as standard with seat height and seat depth adjustment. Optionally available with or without synchronised forward tilt (can be disengaged). Mechanism can be locked in upright sitting position. Mechanism matches the frame colour (deep black or soft grey).

Seat: seat upholstery made from recyclable polyurethane ‚V-Foam'. Knitted or fabric seat cover.

Back: backrest shell made from recycled polypropylene in deep black or soft grey with automatically adjusting lumbar support. With polyester fleece and Softknit cover made from recycled polyester.

Neck support: automatically adjusting neck support, height and angle of inclination can also be adjusted, made from recycled polyamide in the colours deep black or soft grey (to match the frame colour). Upholstery frame made from ABS with TPE padding in deep black (for deep black frame colour) or dim grey (for soft grey frame colour), optionally covered with Grid Knit fabric.

Armrests: height-adjustable armrests or 3D armrests with modifiable height, width and depth. Arm supports made from polyamide in deep black or soft grey (to match frame colour). With PU-foam-free (F) padding in deep black (for deep black frame colour) or dim grey (for soft grey frame colour). Available either with fixed polypropylene armrests (deep black or soft grey to match frame colour) or without armrests.

Base: five-star base made from recycled polyamide in deep black or soft grey (to match frame colour), with double castors (Ø 60 mm).

Delivery: includes castor protection (orange or transparent), which must be removed before first use.

Allstar

Konstantin Grcic, 2014

All measurements are pursuant to EN 1335-1:2000
More detailed information is found in the chapter 'Explanation of measurements'.

Office swivel chair in accordance with EN 1335.

Backrest and seat: backrest in polyamide, coated with recyclable polyurethane foam ‚V-Foam'. Backrest height adjustable up to 5 cm using a quick release lever. Seat with contouring on the front edge, consisting of a polyamide seat plate and recyclable polyurethane foam ‚V-Foam'. Covers in fabric or leather, freely stretched over the surfaces of the seat and backrest.

Armrest/back bracket: loop frame made of polyamide that simultaneously serves as the armrest structure, backrest support and extended arm of the mechanical unit.

Mechanical unit: the synchronised mechanism can be locked in the upright position. Equipped as standard with seat height and seat depth adjustment. Plastic in the colour deep black.

Base: five-star base in polyamide (deep black) with double castors (Ø 60 mm, basic dark).

Delivery: includes castor protection (orange or transparent), which must be removed before first use.

ID Chair Concept

Antonio Citterio, 2010/2026

ID Chair Concept

ID Chair Concept is a chair system that can be configured based on the user's individual needs and preferences and gives the office a subtly elegant design and bright colours.

The office swivel chair range is made up of many components to satisfy a wide number of requirements in terms of aesthetics, materials, purpose and price. The right ID Chair can be chosen based on the following models:

- **ID Cloud** with membrane structure backrest.
- **ID Air** with perforated plastic backrest.
- **ID Mesh** with padded mesh backrest.
- **ID Soft** with classic upholstered backrest.
- **ID Soft L** with high backrest.
- **ID Trim** with narrow backrest.
- **ID Trim L** with high backrest.

Starting with these models, different ID Chairs can be configured by selecting from the diverse mechanisms, seats, armrests, bases, frame colours and covers.

ID Cloud with 2D armrests

All measurements are pursuant to EN 1335-1:2000
More detailed information is found in the chapter 'Explanation of measurements'.

Office swivel chair with 2D or 3D armrests in accordance with EN 1335, Ergonomic Seal of Approval (LGA Nuremberg). Version with FlowMotion mechanism complies with BS 5459-2 (24-hour/150-kg test).

Seat mechanism: FlowMotion mechanism, lockable in upright sitting position. Seat mechanism matches the frame colour (basic dark or soft grey). Optionally with or without synchronised forward tilt (can be disabled) and with or without seat depth adjustment. Individual adjustment of backrest resistance and forward tilt. Optional AutoMotion mechanism with automatic weight adjustment and two backrest tension settings (hard or soft). Optionally with or without seat-depth adjustment. Mechanism can be locked in upright sitting position. Both mechanical units match the frame colour (basic dark or soft grey).

Backrest: height-adjustable backrest with a three-part construction: frame in polyamide, membrane in TPE and knit cover. Back connection in basic dark or soft grey. Knit cover in Duo Knit.

Armrests: 2D armrests with adjustable height and width or 3D armrests with adjustable height, width and depth and 360° swivel function. Armrest supports in aluminium, polished or powder-coated in the colours basic dark or soft grey (to match the frame colour). Armrest sleeves in polyamide are matched to the frame colour (basic dark or soft grey). With PU-foam-free (F) pads in basic dark (for frame colour basic dark) or dim grey (for frame colour soft grey). Optionally available with ring armrests for use in conference settings, made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour).

Seat: seat upholstery made of recyclable polyurethane foam ‚V-Foam'. Optionally available with contoured seat. Seat cover in woven fabric or 3D spacer fabric.

Base: five-star base made of polyamide in basic dark or soft grey (to match the frame colour) or die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour), with double castors (Ø 60 mm) or glides.

Conference version: conference chair (swivel) with four-star base made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match frame colour) on glides in accordance with EN 16139. FlowMotion conference mechanism (no forward tilt, no seat depth adjustment) with individual adjustment of backrest resistance; fixed seat height with shock-absorbing seat suspension for added comfort.

Delivery: includes castor protection (orange or transparent), which must be removed before first use.

ID Mesh with 2D armrests

ID Mesh with ring armrests

ID Mesh with 3D armrests and headrest

All measurements are pursuant to EN 1335-1:2000
More detailed information is found in the chapter 'Explanation of measurements'.

Office swivel chair with 2D or 3D armrests in accordance with EN 1335, Ergonomic Seal of Approval (LGA Nuremberg). Version with FlowMotion mechanism complies with BS 5459-2 (24-hour/150-kg test).

Seat mechanism: FlowMotion mechanism, lockable in upright sitting position. Seat mechanism matches the frame colour (basic dark or soft grey). Optionally with or without synchronous forward tilt (can be disabled) or seat depth adjustment. Individual adjustment of backrest resistance and forward tilt. Optional AutoMotion mechanism with automatic weight adjustment and two backrest tension settings (hard or soft). Optionally with or without seat-depth adjustment. Mechanism can be locked in upright sitting position. Both mechanical units match the frame colour (basic dark or soft grey).

Backrest: frame in polyamide (basic dark or soft grey). With height-adjustable lumbar support. Backrest cover in the three-dimensional fabric Diamond Mesh in net look or Silk Mesh in closed look. For Silk Mesh in the colour soft grey, the reverse side is in soft grey. For Silk Mesh in the colours nero and asphalt, the reverse side is in nero. For Silk Mesh in the colours olive green, smoke blue and dim grey, the reverse side matches the frame colour (soft grey or nero).

Armrests: 2D armrests with adjustable height and width or 3D armrests with adjustable height, width and depth and 360° swivel function. Armrest supports in aluminium, polished or powder-coated in the colours basic dark or soft grey (to match the frame colour). Armrest sleeves in polyamide are matched to the frame colour (basic dark or soft grey). With PU-foam-free (F) pads in basic dark (for frame colour basic dark) or dim grey (for frame colour soft grey). Optionally available with ring armrests for use in conference settings, made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour).

Seat: seat upholstery made of recyclable polyurethane foam ‚V-Foam'. Optionally available with contoured seat. Seat cover in woven fabric or 3D spacer fabric.

Base: five-star base made of polyamide in basic dark or soft grey (to match the frame colour) or die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour), with double castors (Ø 60 mm) or glides.

Accessories: headrest in polyamide (basic dark or soft grey) with adjustable angle and height, retrofit option. With polyurethane pad in basic dark (for headrest in basic dark) or dim grey (for headrest in soft grey). Clothes hanger in polyamide (basic dark or soft grey), retrofit option (max. weight load: 2 kg). Headrest and clothes hanger can be used separately or combined.

Conference version: conference chair (swivel) with four-star base made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match frame colour) on glides in accordance with EN 16139. FlowMotion conference mechanism (no forward tilt, no seat depth adjustment) with individual adjustment of backrest resistance; fixed seat height with shock-absorbing seat suspension for added comfort.

Delivery: includes castor protection (orange or transparent), which must be removed before first use.

Antonio Citterio, 2010/2026

ID Trim L with 3D armrests and clothes hanger

ID Trim L with ring armrests

ID Trim L with ring armrests

All measurements are pursuant to EN 1335-1:2000
More detailed information is found in the chapter 'Explanation of measurements'.

Office swivel chair with 2D or 3D armrests in accordance with EN 1335, Ergonomic Seal of Approval (LGA Nuremberg). Version with FlowMotion mechanism complies with BS 5459-2 (24-hour/150-kg test).

Seat mechanism: FlowMotion mechanism, lockable in upright sitting position. Seat mechanism matches the frame colour (basic dark or soft grey). Optionally with or without synchronised forward tilt (can be disabled) and with or without seat depth adjustment. Individual adjustment of backrest resistance and forward tilt. Optional AutoMotion mechanism with automatic weight adjustment and two backrest tension settings (hard or soft). Optionally with or without seat-depth adjustment. Mechanism can be locked in upright sitting position. Both mechanical units match the frame colour (basic dark or soft grey).

Backrest: high backrest with integrated, height-adjustable headrest. Backrest frame in polyamide (basic dark or soft grey). Optional height-adjustable lumbar cushion. Cover in fabric or leather. Headrest for leather upholstery in the corresponding leather colour; for fabric upholstery, headrest covered in dim grey leather or nero leather.

Armrests: 2D armrests with adjustable height and width or 3D armrests with adjustable height, width and depth and 360° swivel function. Armrest supports in aluminium, polished or powder-coated in the colours basic dark or soft grey (to match the frame colour). Armrest sleeves in polyamide are matched to the frame colour (basic dark or soft grey). With PU-foam-free (F) pads in basic dark (for frame colour basic dark) or dim grey (for frame colour soft grey). Optionally available with ring armrests for use in conference settings, made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour).

Seat: seat upholstery made of recyclable polyurethane foam ‚V-Foam'. Optionally available with contoured seat. Seat and back covers in fabric or leather. Leather covers are not recommended for chairs with forward tilt, since a leather surface might cause users to slide off the seat.

Base: five-star base made of polyamide in basic dark or soft grey (to match the frame colour) or die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match the frame colour), with double castors (Ø 60 mm) or glides.

Accessories: coat hanger in polyamide (basic dark or soft grey), max. weight load: 2 kg.

Conference version: conference chair (swivel) with four-star base made of die-cast aluminium, polished or powder-coated in basic dark or soft grey (to match frame colour) on glides in accordance with EN 16139. FlowMotion conference mechanism (no forward tilt, no seat depth adjustment) with individual adjustment of backrest resistance; fixed seat height with shock-absorbing seat suspension for added comfort.

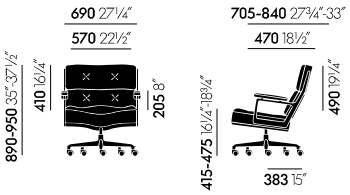

Delivery: includes castor protection (orange or transparent), which must be removed before first use.

Lobby Chair

Charles & Ray Eames, 1960

ES 104

All measurements are pursuant to EN 1335-1:2000
More detailed information is found in the chapter 'Explanation of measurements'.

Seat mechanism: adjustable backward tilt. Continuous seat height adjustment with gas spring. Swivel seat.
Backrest and seat: side frames in chrome-plated die-cast aluminium. Cushion elements made of recyclable polyurethane foam ‚V-Foam', covers in leather.
Armrests: upholstered in leather.
Base: five-star base in chrome-plated die-cast aluminium, on castors. Equipped with hard castors for carpet or soft castors for hard floors.
Options: also available as a conference chair equipped with glides or in a wider version especially suited for waiting areas.
